The gift of reading is truly one of the best gifts you can give a child. Studies show that children who read often develop higher-order critical thinking skills and stronger vocabularies.

Nurture the love of reading by having a collection of books at home kids want to read. Nothing opens new worlds like a good book!

**At the Conti Book Fair
YOU WILL FIND:**

- A wonderful selection of kid favorites
- Educational activity kits
- Holiday picture books
- Culturally-responsive selections to foster social/emotional learning, and promote creativity
